Robert Sedgwick
(born December 20,
1946) is an American
computer science
professor at Princeton
University and a former
member of the board
of directors of Adobe
Systems. Sedgwick
completed his Ph.D. in
1975 under the
supervision of Donald
Knuth at Stanford. His
thesis was about the
quicksort algorithm....

I think the algorithms reading roadmap is:
Algorithms (Sedgewick)
-> CLRS ->
Introduction to Analysis of Algorithms ->
TAoCP. However, the huge problem which makes me voting 4 star for the book is that some figures and illustrates are rendered badly (page 9, 675, 624, 621, 579, 576, 346, 326).
