**Balkan Gas Hub**  
The Balkan gas hub has become synonymous and in many ways a substitute for Bulgaria's energy policy in the field of natural gas. In order to avoid speculating about the concept's different variations, hereinafter is the official project draft, as presented by the national TSO, Bulgartransgaz, with a price tag above USD 2 billion.

**Bulgaria Analytica: The Balkan Gas Hub - a reality check**  
1. Introduction. Given the transition from oil indexation to hub indexation in Europe, the significant difference between East Asian spot and long-term LNG prices, and the concern with the "Asian Premium" , oil indexed gas pricing has been facing challenges in East Asia . .With the upcoming expiration of long-term supply contracts, short-term contracts and spot trade will increase, thus ...
