Chapter 2 Complete Synopsis of the ETF Swing Trading Strategy. Now that we have defined the basic characteristics of the top-down trading strategy, let's take a look at other components that are critical to any trading strategy. A trading strategy alone will not make you a successful trader. You must also have a core trading philosophy and a trading plan that establishes a strict set of rules by which you implement and manage the strategy.

### Chapter 2: Complete Synopsis of the ETF Swing Trading ...

CHAPTER 2. Swinging Techniques. The key to swing trading is learning to identify when price is going to turn. If you can do that, then it is easier to profit from a move. Figure 2.1 shows an example of how that key turning point works in action. In early November 2010, Boeing (BA) gapped down and made a straight-line run lower until it found support at 62.

Chapter 2: VWAP Setups. After studying the VWAP on thousands of charts, I have identified two basic setups: pullbacks and breakouts. By far, the VWAP pullback is the most popular setup for day traders hoping to get the best price. Remember, day traders have only minutes to a few hours for a trade to work out.
