The book aims to make sense of current practice and to shed light on the main changes and probable developments bearing in mind what has already taken place since the first edition of this book was written in 1991. The main focus is on quoted companies, but the principles of good governance apply to companies of almost any size.

Essence of Governance - Oxford Scholarship

The Rise of Corporate Governance in the U.K.: When and Why Brian R. Cheffins* (April 2015 draft) Abstract While issues that prompt corporate governance responses are endemic to the corporate form, the term "corporate governance" only began to feature with any regularity in discussions of public companies in Britain as the 1990s got underway.

The Rise of Corporate Governance in the U.K.: When and Why

Corporate governance is the structure of rules, practices, and processes used to direct and manage a company. A company's board of directors is the primary force influencing corporate governance.

Corporate Governance Definition - Investopedia.com

In Keeping Good Company, Jonathan Charkham—whom The Financial Times of London recently dubbed “Mr. Corporate Governance”—provides an insightful comparative study of corporate governance in five major industrial powers: Japan, Germany, France, the United Kingdom, and the United States. Charkham points out that the best systems seem to be collegial in style, and that contrary to the saying that the best committees are committees of one, group management is actually the most efficient way of ...
