Research about nursing systems and nursing resource management is also published as is research describing new or advanced research methods, analytic strategies, and research protocols. Nursing Research is a peer reviewed, double-blind journal.

### **Nursing Research - journals.lww.com**

The general public might be surprised that so many nurses are conducting research. Yes, nurses do research. In order to have evidence-based practice, we need evidence. And with their knowledge and hands-on experience, nurses can theorize, hypothesize, structure studies, and collect evidence that leads to better care.
