**Process control :
principles and
application (Book,
2008 ...**

CiteSeerX - Document
Details (Isaac Councill,
Lee Giles, Pradeep
Teregowda): Over a
number of years, pH
control of
neutralization process
is recognized as a
benchmark for
modeling and control
of nonlinear processes.

This paper first

Online Library Surekha Bhanot Process Control

describes dynamic modeling of pH neutralization process. Thereafter fuzzy logic based pH control scheme for neutralization process is developed.

CiteSeerX – Neural Control of Neutralization Process using ...

Differential evolution (DE) is a member of evolutionary algorithm family which has

Online Library

Surekha Bhanot

Process Control

gained popularity due to its conceptual simplicity and better convergence. This paper presents fuzzy logic based pH control scheme for neutralization process in which DE is used to optimize the input and output membership functions of fuzzy inference system (FIS).
