Influenza vaccines. A reappraisal of their use The medical and economic burden associated with annual influenza activity is well known and well documented. Yearly updated influenza vaccines are available to combat the disease and its consequences.

Influenza vaccines. A reappraisal of their use

Vaccines: A Reappraisal is a well documented study of the science, politics, and propaganda around vaccines. It is refreshing to read the viewpoint of a doctor who thinks critically about these issues and doesn't simply accept the dogma promoted by an industry whose mission statements address the needs of stockholders instead of actual public health.
